

SFTP Project — Fixed Summary (closed workable items)

Revision: 1 Last modified: 2026-07-11T15:23:48Z

One-line-per-item view of docs/Fixed.md, regenerated whenever Fixed.md changes (§11.4.53 parity). Closed items only. Sort: closure date DESC (most-recent-first), ATM ID secondary. Columns mirror docs/Issues_Summary.md per §11.4.19 column alignment.

#	ATM ID	Level	Status	Type	One-line description
---	--------	-------	--------	------	----------------------

No closed items yet. Rows appear here automatically when the first workable item migrates from docs/Issues.md with a terminal closure status (§11.4.33 type-aware vocabulary).

Source of truth: docs/Fixed.md (Revision 1). Closure vocabulary: Fixed (→ Fixed.md) (Bug) · Implemented (→ Fixed.md) (Feature) · Completed (→ Fixed.md) (Task) · Obsolete (→ Fixed.md) (§11.4.90).
